Reframing the Laws of Physics

EAU 2018 Events

Lumenis®
Energy to Healthcare

Friday, March, 16, 2018

10:45 - 12:15	Evolving Stone Management (Green Area: Room 15 - Level 0):	
	Ureteroscopic Holmium Laser Lithotripsy using the MOSES Technology	Dr. Khurshid Ghani (United States)
12:30 - 14:00	Laser treatment of benign prostatic obstruction: Moving forward (Blue Area: Room 3 - Level 0)	
	Karl Storz® DrillCut™ versus Lumenis® VersaCut™ prostate tissue morcellation devices after holmium laser enucleation: A prospective randomized controlled trial	Dr. Sero Andonian (Canada)
	Holmium laser enucleation of the prostate is effective and safe in all prostate sizes	Dr. Mark Cynk (United Kingdom)
	Holmium laser prostatic enucleation (HoLEP) for very large prostate adenoma evaluated more than 200 cc	Dr. Hervé Baumert (France)

Saturday, March 17, 2018

Live / Recorded cases utilizing the Lumenis MOSES Pulse 120H laser (eURO Auditorium - Level 0)

10:59 - 11:14	Mini Prone Percutaneous Nephrolithotripsy	Dr. Udo Nagele (Austria)
11:14 - 11:25	Flexible ureteroscopic lithotripsy	Dr. Guido Giusti (Italy)
14:02 - 14:13	MOSES Technology for ureteroscopic lithotripsy	Dr. Khurshid Ghani (United States)
14:53 - 15:01	Pre-recorded video: Holmium prostate enucleation	Dr. Mark Cynk (United Kingdom)
15:21 - 15:32	Flexible ureteroscopic lithotripsy	Prof. Olivier Traxer (France)

"Reframing the Laws of Physics" booth talk series (Lumenis Booth G16)

10:10 – 10:25	MOSES Technology - Reframing the Laws of Physics	Dr. Oriol Angerri (Spain)
13:00 - 14:00	Meet the Expert: MOSES PCNL - A Paradigm Shift	Prof. Emanuele Montanari (Italy)

Cocktails with MOSES

(Lumenis Booth G16)

16:00 - 17:00	Join us as we celebrate how MOSES is changing the world of Urology over a glass of prosecco and canapés

Sunday, March 18, 2018

"A paradigm shift in Urology" booth talk series (Lumenis Booth G16)

10:10 - 10:25	The MOSES optimized pulse for stones treatment	Dr. Oriol Angerri (Spain)
10:30 - 11:30	Meet the Expert: MOSES Stone Dusting - A Breakthrough Technology	Dr. Khurshid Ghani (United States)
13:00 - 13:30	AEEP (Anatomical Endoscopic Enucleation of the Prostate) with MOSES technology	Prof. Ivano Vavassori (Italy)
15:00 - 16:00	Meet the Expert: MOSES Technology - Reframing the Laws of Physics	Dr. Andreas Becker (Germany)

Monday, March 19, 2018

"From HoLEP to MoLEP" booth talk series (Lumenis Booth G16)

10:35 - 11:00	AEEP (Anatomical Endoscopic Enucleation of the Prostate) with MOSES Technology, utilizing the Holmium Pulse	Prof. Ivano Vavassori (Italy)
14:00 - 15:30	It is the Era of Ureteroscopy (Green Area: Room 15 - Level 0):	
	Double-blinded prospective randomized clinical trial comparing regular and MOSES modes of holmium laser lithotripsy: Preliminary results	Dr. Sero Andonian (Canada)
